HEALTH INSURANCE COMPANY:
STRINGFILLD, MASS.
GEO. H. NORMAN, Agent.
THIS institution is ronducted on the mutan principle, so far as to admit the parties, insured to an equal participation in the profits of the ompany.

525 " 800

The main design of this company is to enable prodent and discreet jacobis of small massa, to make provision while in health, by a trifling make the second sick beg, in seasons of pecuniary privation and of inability to labor. A vest arround of hearth westernless is been preferred in the right freuers westernless the seen preferred for militarent, in Europe, of similar previous institutions; and within a short period, this system of Health Insurance has been entroduced into our own country, with results, thus far, equally lenselful to all whose relief it contemplates—more especial and to whom any interruption by eickness tecomes a string and introceing calumity.

By this system, also, one person may insure the health of another—a purear that of a child, if a workman, or of an apprentice, Se. Thus, those who has also by a small immediate investment, may relieve themselves from the hazard of interring

the contact arising or of their activation beings.

It is presumed that no extended argument can be required to recommend the objects of this Company to public consideration. A perusal of the Rules and Regulations adopted by the Directors, which may be had an ay office, with afford an ample insight into the principles of the Institution, and of its modes of operation.
